

A PUBLIC FORUM ON WIND ENERGY

**Outer Banks
June 19, 2008**

7:00 - 9:00 PM

Jockey's Ridge State Park Auditorium
Nags Head, Outer Banks, NC

Come, listen and be heard!

The NC Solar Center, State Energy Office, and the North Carolina Wind Working Group **invite** you to learn about wind energy. This educational forum will be a venue for the public - from local **government** representatives, local **environmental** and **business groups, residents** and even **tourists** – to voice their support, questions, or concerns about wind energy in the coast.

Other Public Forums on Wind Energy:

Spruce Pine —June 2008

NORTH CAROLINA
Wind Working Group

Agenda Topics:

- **Energy resources** in North Carolina
- What are the **benefits** of wind energy
- What are wind energy **concerns**
- Wind energy **technologies**
- How is a wind **project developed?**
- **Wind for homes**

After the 30 minute presentation, the floor will be opened for a question and answer session with our panel of environmental and technical experts.
